

Technical Bulletin #302

SMARTCURE INK

GANS INK
& SUPPLY CO.

ENERGY
CURABLES

Smartcure inks are formulated for various types of waterless printing presses and applications. Gans offers inks for the KBA Genius 52, Metronix, Ryobi and other waterless presses.

Smartcure G52 Inks; These inks are formulated specifically for the KBA Genius 52 press for the production of gift cards, secure cards, laminated, press polished or varnished.

Smartcure MTRX Inks; These inks are for Metronix small format press for the production of gift cards and secure cards to be coated or press polished.

Smartcure Ryobi Inks; These inks are more for main stream waterless printing on paper or plastic for a variety of applications.

Features and Benefits

- Rheology specific formulations for press type
- Maximum cure speed, application specific
- High peel strength for G52 application
- Excellent press stability
- Strength rated for best results

Storage

Store in a cool, dry place. Avoid exposure to direct light. When stored as directed, shelf life is six months.

Safety Precautions

All ultraviolet curable inks may cause skin and eye irritation upon contact.

Follow proper handling procedures outlined in the MSDS.
