

N-110

Metering Roller Cleaner and Ultra-Fast-Dry Blanket and Roller Wash

Description

Nova N-110 is a blend of solvents designed to quickly remove ink piling and ink feed-back on dampening system rollers. It is multi-purpose to serve as an extra-fast-drying roller and blanket wash for smaller presses and a type wash for metal type.

Product Need and Usage

N-110 is the product of choice for a metering roller cleaner for sheetfed or web dampening systems. The fast-drying formula leaves no ink-loving residue and promotes the smooth transfer of fountain solution. For extra fast cleaning on quick turn around small press operations, N-110 is the product of choice. It is compatible with press elastomers and equipment and also has an advantage of reduced VOC.

Features

- * Fast-drying metering roller cleaner.
- * Very fast-drying – for fast manual and automatic cleaning of rollers and blankets.
- * Fast-acting formula dissolves ink and other contaminants.
- * Contains no surfactants and leaves no oily residue.
- * Contains no aromatic hydrocarbons.
- * Excellent for cleaning metal type.

Directions

Blankets: Apply N-110 with a saturated cloth and wipe in a back and forth motion. Wipe clean with a dry cloth.

Rollers: Apply N-110 to roller train with a solvent applicator bottle. Engage the wash-up blade, or on small presses attach a wash-up sheet to the plate cylinder. Apply small amounts of N-110 until the rollers are clean.

Metering Roller: Saturate a cloth and wipe metering roller to remove ink.

Technical Specifications

Drying Speed	Very Fast
Water-Miscible	No
Flash Point (°F TCC)	10
VOC (lb/gal method 24)	5.25
Vapor Pressure (mm HG)	8.2
Odor/Fragrance	Medium / Mint
