# Safety Data Sheets

Product Name: SS21 ink Magenta SDS No. 037-S080497 First issue: 2007/07/31 Revised: 2015/06/15

# 1. Identification

| Product Name                              | SS21 ink Magenta   |  |
|---|--|--|
| Order No.                                 | : SPC-0501M / SPC-0588M  |  |
| General Use                               | : Ink for ink jet printer  |  |
| Product Description                       | : Solvent pigment ink  |  |
| SDS Number                                | : 037-S080497  |  |
| Manufacture                               |  |  |
| Company Name                              | : Mimaki Engineering Co., Ltd.                                     |  |
| Address                                   | 2182-3 Shigeno-otsu, Tomi-shi, Nagano 389-0512 JAPAN               |  |
| Telephone No.                             | :+81-268-64-2413   |  |
| Importer / Distributor Established in USA |  |  |
| Company Name                              | : MIMAKI USA, INC.   |  |
| Address                                   | : 150 Satellite Boulevard, suite A, Suwanee, Georgia 30024, U.S.A. |  |
| Telephone No.                             | : +1-678-730-0100  |  |
| Emergency Telephone No.                   | : +81-268-64-2281  |  |

## 2. Hazards Identification

| [GHS Classification]           |   |
|--------------------------------|---|
| Physical Hazards               |   |
| Flammable Liquids              | : Category 4                            |
| Health Hazards                 |   |
| Eye Damage / Irritation        | : Category 2                            |
| Specific Target Organ Toxicity | : Category 2 (central nervous system)   |
| (Single Exposure)              |   |
| Specific Target Organ Toxicity | : Category 3 (drowsiness and dizziness) |
| (Repeated Exposure)            |   |

The above list does not include category being non-classifiable or not-applicable.

Product Name: SS21 ink Magenta SDS No. 037-S080497 First issue: 2007/07/31 Revised: 2015/06/15

Safety Data Sheets

[GHS Label Elements]

Signal Word Warning

Hazard Statements H227 Combustible liquid H319 Cause serious eye irritation H371 May cause damage to central nervous system H336 May cause drowsiness and dizziness **Precautionary Statements** Prevention P210 Keep away from heat/sparks/open flames/hot surfaces. No smoking. P260 Do not breathe vapor or mist. P264 Wash hands thoroughly after handling. P270 Do not eat, drink, or smoke when using this product. P271 Use only outdoors or in a well-ventilated area. P280 Wear protective gloves/clothing and eye/face protection. [Response] P304+P340 IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P308+P311 IF exposed or concerned: Call a POISON CENTER or doctor/physician. P312 Call a POISON CENTER or doctor/physician if you feel unwell. P337+P313 If eye irritation persists: Get medical advice/attention. P370+P378 In case of fire: Use appropriate media for extinction.

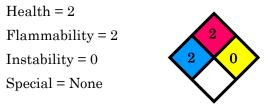

[Storage]

P403+P233+P235 Store in a well-ventilated place. Keep container tightly closed. Keep cool. P405 Store locked up.

[Disposal]

P501 Dispose of contents and container in accordance with local, regional, national and international regulation.

NFPA Rating (scale 0 - 4)

#### CANADIAN WHMIS SYMBOLS : B3, D2B

## 3. Composition / Information on Ingredients

| No | Chemical Name                             | Wt%    | CAS No.      |
|----|---|--------|--------------|
| 1  | Glycol ether solvents                     | 65-75  | Trade Secret |
| 2  | Propylene glycol monomethyl ether acetate | 10-20  | 108-65-6     |
| 3  | Lactone solvent series                    | 5 - 15 | Trade Secret |
| 4  | Vinyl resin                               | 1-5    | Trade Secret |
| 5  | Quinacridone pigment series               | 1-5    | Trade Secret |

#### 4. First Aid Measures

| Inhalation                      | Remove person to fresh air and keep comfortable for breathing. Call               |  |
|---------------------------------|---|--|
|                                 | a POISON CENTER or doctor/physician.  |  |
| Eye Contact                     | <sup>:</sup> Flush eyes with plenty of water for at least 15 minutes. Remove      |  |
|                                 | contact lenses, if present and easy to do. Continue rinsing. Get                  |  |
|                                 | immediate medical attention.  |  |
| Skin Contact                    | $\ddot{\cdot}$ Wash with plenty of soap and water. Take off contaminated clothing |  |
|                                 | and wash before re-use. Get medical attention if irritation develops.             |  |
| Ingestion                       | : If swallowed, get medical attention.  |  |
| Most Important Symptoms/Effects |   |  |
| Acute                           | $\div$ eye irritation, central nervous system depression, drowsiness and          |  |
|                                 | dizziness   |  |
| Delayed                         | : no information on significant adverse effects                                   |  |
| Indication of Immediate         | <sup>:</sup> Treat symptomatically and supportively.                              |  |
| Medical Attention and           |   |  |
| Special Treatment               |   |  |
| Needed, If Needed               |   |  |

# Safety Data Sheets

#### 5. **Fire Fighting Measures Flammable** Properties : Flash point $64.2^{\circ}$ C (TCC) Auto Ignition Temperature: 169°C Flammable point : 2.2% to 33.0% **Extinguishing Media** : carbon dioxide, regular dry chemical, water spray, alcohol resistant foam Unsuitable Extinguishing : Do not scatter spilled material with high-pressure water streams. Media Special Hazards Arising : Combustible liquid and vapor. from the Chemical Hazardous Combustion : oxides of carbon, acid halides Products **Fire Fighting** : Move container from fire area if it can be done without risk. Do not Measures scatter spilled material with high-pressure water streams. Cool containers with water spray until well after the fire is out. Stay away from the ends of tanks. Avoid inhalation of material or combustion by-products. For fires in cargo or storage area: Cool containers with water from unmanned hose holder or monitor nozzles until well after fire is out. If this is impossible then take the following precautions: Keep unnecessary people away, isolate hazard area and deny entry. Let the fire burn. Withdraw immediately in case of rising sound from venting safety device or any discoloration of tanks due to fire. : Wear full protective fire fighting gear including self contained **Special Protective** Equipment and breathing apparatus (SCBA) for protection against possible Precautions for exposure. Firefighters

#### 6. Accidental Release Measures

Personal Precautions,: Wear personal protective clothing and equipment, see Section 8.Protective EquipmentAvoid release to the environment.and EmergencyProcedures

## 7. Handling and Storage

| Precautions for Safe   | <sup>:</sup> Keep away from heat, sparks, open flame, and hot surfaces <sup>-</sup> No |
|------------------------|--|
| Handling               | smoking. Do not breathe vapor or mist. Use only outdoors or in a                       |
|                        | well-ventilated area. Avoid contact with eyes, skin and clothing. Do                   |
|                        | not eat, drink, or smoke when using this product. Wear protective                      |
|                        | gloves and eye/face protection. Wash thoroughly after handling. Avoid                  |
|                        | release to the environment.  |
| Conditions for Safe    | Store and handle in accordance with all current regulations and                        |
| Storage, including any | standards. Store in a well-ventilated place. Keep container tightly                    |
| Incompatibilities      | closed. Keep cool. Grounding and bonding required. Store locked up.                    |
|                        | Keep separated from incompatible substances.   |

#### 8. Exposure Controls / Personal Protection

| Exposure Limit Values | : ACGIH, OSHA, and NIOSH have not developed exposure limits for     |
|-----------------------|---|
|                       | any of this product's components.                                   |
| Component Biological  | : There are no biological limit values for the component(s) of this |
| Limit Values          | product.  |
|                       |   |

Exposure Controls

Occupational Exposure Controls

| Appropriate          | $\therefore$ Ventilation equipment should be explosion-resistant if explosive |
|----------------------|---|
| Engineering Controls | concentrations of material are present. Provide local exhaust or              |
|                      | process enclosure ventilation system. Ensure compliance with                  |
|                      | applicable exposure limits.   |

| Personal Protection |   |
|---------------------|---|
| Respiratory         | $\vdots$ Consult with a health and safety professional for specific respirators |
| Protection          | appropriate for your use.   |
| Vapor<br>Respirator |   |
| Hand Protection     | : Wear appropriate chemical resistant gloves.                                   |
| Gloves              |   |
| Eye Protection      | : Wear splash resistant safety goggles with a faceshield. Provide an            |
|                     | emergency eye wash fountain and quick drench shower in the                      |
| Safety<br>Glasses   | immediate work area.  |
| Skin Protection     | : Wear appropriate chemical resistant clothing.                                 |
| Protective          |   |

9. Physical and Chemical Properties

| Appearance                    | - Physical State  | : Liquid                     |

| Auto ignition                 | temperature       | : 169°C                      |
| Flammability                  | r (Solid, Gas)    | : Not applicable             |
| Explosive Properties          |                   | : Not available              |
| Oxidizing Properties          |                   | : Not available              |
| Upper / Lower Flammability or |                   | : 2.2% to 33.0%              |
| Explosive Lin                 | nits              |                              |
|                               |                   |                              |

# **MINCIKI** Safety Data Sheets

| Vapor Pressure                            | : Less than 133Pa(20°C)          |
|---|----------------------------------|
| Specific Gravity                          | : 0.970 (20 °C)                  |
| Solubility                                | : Not available                  |
| Water Solubility                          | : Not available                  |
| Partition Coefficient (n-octanol / Water) | : Not available                  |
| Viscosity                                 | $:3.9\pm0.3(20^{\circ}\ { m C})$ |
| Vapor Density                             | : Not available                  |
| Evaporation Rate                          | : Not available                  |
| VOC                                       | : 906.7 g/L                      |
|   |                                  |

### 10. Stability and Reactivity

| Reactivity               | : No reactivity hazard is expected.                                    |
|--------------------------|--|
| Chemical Stability       | Stable under normal conditions of use.                                 |
| Possibility of Hazardous | : Will not polymerize.   |
| Reactions                |  |
| Conditions to Avoid      | Avoid flames, sparks, and other sources of ignition. Containers may    |
|                          | rupture or explode if exposed to heat. Avoid contact with incompatible |
|                          | materials.   |
| Incompatible Materials   | : acids, bases, oxidizing materials, halogens                          |
| Hazardous                | : Combustion: oxides of carbon, acid halides                           |
| Decomposition            |  |

## 11. Toxicological Information

## 13. Disposal Considerations

|                         | : Comply with all USA, national and local regulations.               |
|-------------------------|--|
|                         | Do not dump this product into sewers, on the ground or into any body |
|                         | <u>of water.</u>   |
| <b>Disposal Methods</b> | : Dispose in accordance with all applicable regulations.             |
| Component Waste         | : The U.S. EPA has not published waste numbers for this product's    |
| Numbers                 | components.  |
| Disposal of             | : Empty containers may contain product residue. Dispose in           |
| Contaminated            | accordance with all applicable regulations.                          |
| Packaging               |  |

# Safety Data Sheets

## 14. Transport Information

|                             | Check a thing without a leak in a container.                                |
|-----------------------------|---|
|                             | Perform prevention of collapse of cargo surely.                             |
| IATA Information            | : Not regulated as dangerous goods for transport.                           |
| ICAO Information            | : Not regulated as dangerous goods for transport.                           |
| IMDG Information            | : Not regulated as dangerous goods for transport.                           |
| Marine Pollutant            | : Propylene glycol monomethyl ether acetate (108-65-6)                      |
|                             | IBC Code: Category Z  |
|                             | Lactone solvent series (Proprietary)  |
|                             | IBC Code: Category Y  |
| TDG Information             | : Not regulated as dangerous goods for transport.                           |
| US DOT Information          | : Not regulated as dangerous goods for transport. *1                        |
| *1 Class combustible liquid | d (NA1993), Packing group III for quantities of 450 liters (119 gallons) or |

more; not regulated for smaller quantities

## 15. Regulatory Information

| U.S. Federal<br>Regulations | <ul> <li>None of this products components are listed under SARA Sections<br/>302/304 (40 CFR 355 Appendix A), SARA Section 311/312 (40 CFR<br/>370.21), SARA Section 313 (40 CFR 372.65), CERCLA (40 CFR 302.4),<br/>TSCA 12(b), or require an OSHA process safety plan.</li> </ul> |  |  |  |  |  |
