BULLETIN

Mimeo N/D Inks (Non-Sublimation Inks)

Gans Mimeo N/D inks have been formulated for use with Case Equipment (Sublicolor) Duplicators. They are intended to be complimentary to the Sublitech Sublimation Transfer Inks and will be supplied in Case Equipment compatible 10 oz. containers.

However, these are not sublimation inks and will not heat transfer onto polyester or on any other material. Gans Mimeo N/D inks should be used with absorbant, uncoated, machine-glazed and bond papers exclusively, as the drying mechanism is through stock penetration only.

Mimeo N/D Inks have excellent stay-open properties and will not skin or dry-up in the ink application equipment, i.e. gun, roller or stencil, for several days.

Gans Mimeo N/D inks are available in 4 process colors.

<u>Description</u>	<u>Ink No.</u>
Mimeo N/D Process Black	91187
Mimeo N/D Process Blue	91188
Mimeo N/D Process Red	91189
Mimeo N/D Process Yellow	91190

These inks are also available in the Gans Presidential and PANTONE® shades.

PANTONE® is a trademark of Pantone, Inc
